

Consortia Options

Responsibilities Comparison

Updated October 2019

RESPONSIBILITIES		CONSORTIA OPTIONS		
		Standalone District	Local Consortium	Statewide Consortium
	Collect & Organize Data	District	District	District
	Data Analysis	District	District	District
	Prioritize Needs	District	District	District
	Root Cause Analysis	District	Consortia CTE Administrator Led Supported by Local Districts	Statewide Consortia CTE Administrator Led
	Connecting to Implementation	District	Consortia CTE Administrator Led Supported by Local Districts	Statewide Consortia CTE Administrator Led
	Develop the Action Plan	District	Consortia CTE Administrator Led Supported by Local Districts	Statewide Consortia CTE Administrator Led
	Coordination of the Comprehensive Local Needs Assessment (CLNA)	District	Local Consortia CTE Administrator	Statewide Consortia CTE Administrator
	CLNA Team	Standalone Districts create their own CLNA team to complete the CLNA.	One person from each district will serve on the consortium CLNA team. Districts are responsible for supporting the consortia's CTE Administrator for the coordination of the CLNA.	One person from each district will then serve on the consortium CLNA team led by the Statewide CTE Administrator.
	Workload Responsibilities Summary	Standalone Districts will be responsible for entire CLNA including coordination and completion.	Districts will be actively involved in the data collection and organization along with Data Analysis. Local Consortia will be responsible for the entire CLNA.	Districts will still be actively involved in the data collection and organization along with Data Analysis. DCTE will fund the role of the Statewide CTE Administrator for the coordination of the CLNA work.
